DIGITAL BEATS
MARKETING SOLUTIONS

Branding allows you to build relationships with your audience, which can eventually turn them into loyal customers. You can create a brand that people actually care about and put yourself ahead of businesses that aren't using this to their advantage.

YADNIYA : AGNIHOTRA

4Years
of purity and trust

Why Cow Dung Cakes Are Important For Agnihotra ?

- Indian Cow Dung has medical properties like Mithol, Phenol, Indole and Formol.
- It has some fraction of radium which prevents deadly results of radiations in the air.
- Cow dung cakes are anti-bacterial, anti-pollutant and have anti-radiation properties, so the burning of these cakes during agnihotra purifies the air.
